St. Louis, MO, 7/30/2007- ProNet International, Inc. is pleased to announce that the Internal Revenue Service approved ProNet International Gifts & Scholarships, Inc. as a non-profit 501 (c) (3) corporation. ProNet International Gifts & Scholarships, Inc. will become the charitable arm of ProNet International, Inc.

The members of ProNet International, Inc. are pre-qualified and experienced vendors, such as independent adjusters, defense law firms, and other industry specialists. Several times a year, the members of ProNet International, Inc. support, sponsor, and teach Continuing Education classes to insurance professionals throughout the United States. Their continued support enables PNI to develop and deliver exciting CE classes.

Along with teaching CE classes, PNI members have, in the past, joined together to raise money for various charities. This is their way of saying "thank you" to the insurance industry. The newly approved charitable status of ProNet Gifts & Scholarships, Inc. enables members to show their appreciation to the men and women in uniform stationed domestically and all over the world. Now, PNI members can say "thank you" to veterans and families for the sacrifices they made.

It is the intent of ProNet International Gifts & Scholarships, Inc. to aid veterans, their families, and survivors of fallen soldiers by providing academic and athletic scholarships.

ProNet International Gifts & Scholarships, Inc. will provide the means for those who work in the insurance industry to give something back to the community in a way that reflects well on the industry as a whole. Both ProNet International, Inc. and ProNet International Gifts & Scholarships, Inc. look forward to the continuing support of the members, who now have their own charity to help those in need.

Lawrence M. Abrams, President of ProNet International, Inc., wishes to thank all the members for their past support and looks forward to their continued support in the future as ProNet International Gifts & Scholarships, Inc. reaches out to the insurance industry to help meet financial goals.
